Children & Young people

'In many of our churches, children, young people and young adults are missing and the vast majority of adults in our population have not been introduced to church or faith as children.' The Church of Scotland Radical Action Plan

This is an opportunity to:

- **Meet** with others locally to share ideas, challenges and good news stories
 - **Explore** creative and innovative ways to develop our vision and practice in nurturing faith with children, young people and families
 - **Encourage** the development of a whole community of faith approach towards faith formation and ongoing discipleship
- This event will be of relevance to you whether you are in a town or a rural setting; if you have a thriving children's and youth ministry, **few or no children**. This will be of benefit for all who are interested and concerned about developing their church's children, young people and family ministry. Attending with others in your congregations will **encourage** follow-up action after the event.

The event is free. Tea and coffee will be provided, but we ask that you bring your own lunch.

These events will be facilitated by the Children's Development Worker of the Church of Scotland in collaboration with local specialists. For further information email:
